

Women Living in the Solution

Women's 2017 CoDA Retreat

The Many Faces of Codependency

From Pain to Serenity, Strength and Spiritual Growth

Codependency looks different on everyone. Through shared personal stories, hear how women from very different paths have used the tools of recovery to move from pain to serenity, strength and spiritual growth.

Experience CoDA community, fellowship and stories of hope with new speakers and retreat favorites! Back by popular demand, small intimate breakout groups for time to learn, reflect and share. And new this year, instructor led yoga during free time!

Come join us at beautiful Rainbow Lodge located in a peaceful forest setting at the base of Mt Si in North Bend, Washington. Where the world stops and renewal begins. The Lodge's setting in the woods combines comfort and convenience with an away-from-it-all feeling.

Whether you're new to recovery, experienced, or just curious, this retreat is for you!
