2015	AZ 01	Arizona	SSC	Open, Recommendation sent to Board	Q4 QSR 2015	Change welcome; In our Welcome it says: "We attempted to use others - our mates, friends, and even our children, as our sole source of identity, value and well being, and as a way of trying to restore within us the emotional losses from our childhoods." I don't want the emotional losses from my childhood restored!! I think the intent is to say that "we attempted to use others to take away the feelings from the emotional losses from our childhoods." It could read like the previous line or: "a way of trying to restore us from the emotional losses from our childhoods."
